

Science 8

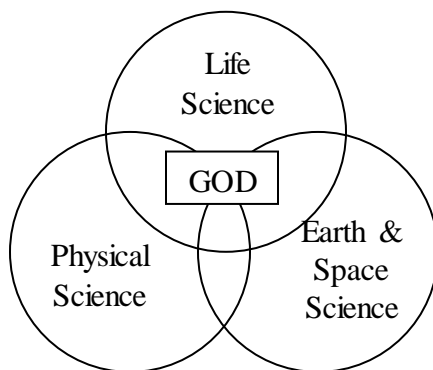

Steinbach Christian High School 2011-2012

Teacher: Mr. Frank Chan

Textbook: Sciencepower 8

Course Description: This course is designed to build upon Science skills you learned in previous years. This course will provide you with a greater understanding of the Life, Physical, and Earth and Space Sciences and our interactions with them. We will learn of the amazing God and His creation through Science.

Course Content: Grade 8 Science contains four units, including:

- *Cells and Systems*
- *Optics*
- *Fluids*
- *Water Systems*

Course Activities: Whenever possible, what you learn will be related to real life situations. This will take place through group work, lab work, experiments, textbook, and many other exercises. There will also be opportunities to integrate Christian perspectives where appropriate.

Term Marks:
